## GUEST SPEAKER

### Jim Hanson | Director, Intelligent Mobility, Atkins Engineering

Jim Hanson, PE, PTOE, is director of intelligent mobility for Atkins in North America. He has more than 20 years of experience in traffic engineering and shares the firm's global best practices in intelligent mobility and advances in technology with clients he assists throughout the United States. Jim has worked with a variety of local, state and federal agencies around Colorado, the United States and internationally and is well versed on the differing needs of various clients, stakeholders, and projects. He uses his broad range of experience to develop innovative and effective project solutions. Prior to joining Atkins, Mr. Hanson was a municipal traffic engineer in California and Colorado.
