

GRANTS ALERT

December 31, 2019

Contact Leslie Mzingo at leslie@strategics.consulting or (202) 255-5760 for additional information.

IMPORTANT ANNOUNCEMENTS:

US DOT has announced that the next Notice of Funding Availability (NOFA) for the BUILD grant (www.transportation.gov/BUILDgrants/about) will be published by February 18, 2020. That is two months earlier than last year. Applicants are highly encouraged to use last year’s NOFA as a guide for the next round of competition. The program is funded at \$1 billion in FY20.

EPA will have approximately \$5.5 billion in Water Infrastructure Finance and Innovation Act (WIFIA) program loans (www.epa.gov/wifia) to finance approximately \$11 billion in water infrastructure investment with its FY20 appropriation. Congress provided \$55 million in budget authority for WIFIA, divided into two parts:

- \$5 million for approximately \$500 million in loans exclusively to State infrastructure financing authority borrowers under the State infrastructure financing authority WIFIA (SWIFIA) program
- \$50 million for approximately \$5 billion in loans to all eligible borrowers under the WIFIA base program

EPA estimates that it will publish a NOFA for both the base program and SWIFIA program in May 2020. This timing is necessary due to the additional requirements mandated by the Appropriations Act, which must be completed prior to issuing the 2020 NOFA.

WIFIA program staff will meet with local governments either at the Washington, DC office or via telephone to discuss financing water infrastructure projects and answer questions. This is best done before the NOFA is published. Let Strategics know if you’re interested in this opportunity.

Below are grants of interest to local governments that are currently posted. Click on information link or search on www.grants.gov by the notice of opportunity number.
