

# FEDERAL GRANTS ANNUAL FORECAST (by Quarter)

## FY 2025 (JANUARY-SEPTEMBER 2025) and FY 2026 (OCTOBER-DECEMBER 2025)

(UPDATED: January 2025)

NOTE: Most links below are from the last funding opportunity announcement, meaning that the most recent deadline has passed. This information is provided to help you begin preparing for the upcoming application process since requirements often do not change substantially year-to-year. In some cases, federal agencies have forecasted plans for the next competition. When that information is available, those dates and related links are provided, and the current year funding opportunity number is provided in parenthesis. Grants that are likely no longer available have been removed. New grants have been added if notices were posted since the last forecast was published. **When a grant includes a date that is highlighted in red, it is currently open or is forecasted to open!** As always, you can call us anytime for help with finding grants or tracking down more information. –**Amy Kirschbaum, Grants Director** ([amy@strategics.consulting](mailto:amy@strategics.consulting)) and **Kyle Leopard, Government Affairs Advisor** ([kyle@strategics.consulting](mailto:kyle@strategics.consulting)).
